ELECTION OF OFFICERS.

Hopkinsville Likely to Be
Made Headquar-
ters.

Preparations on a mammoth scale have been completed for the celebration at Guthrie today of the first anniversary of the Dark Tobacco District Association.

The members of the Association who have charge of the arrangements have bought 250 carcasses—hogs, sheep and Reeves—to feed the crowd of nearly 10,000 which, it is estimated, will be here. The carcasses will be cooked over a pit 500 feet in length, and throughout tomorrow night, before the celebration, the barbecuing will go under the supervision of experts. The 3,000 loaves of bread which have been ordered will be re-enforced by beaten biscuits and "salt-rising" bread that housewives have been baking during the past week. Not only will there be barbecue in great abundance for all that come, but every family that attends will bring a well filled basket of home-cooked provisions.

The celebration will be held at the fair grounds, where, just a year ago the farmers met and formed the organization. Officers will be elected and speakers from Tennessee and Kentucky will address the crowd. Among those who will speak are Ollie James, A. O. Stanley, Joe Washington, who recently withdrew from the race for the governorship of Tennessee; John Wesley Gaines and Joel E. Fort.

The central figure of the great

meeting, however, will be Felix G. Ewing, the man who conceived the organization and who has been the leader in the fight for higher prices for tobacco. Mr. Ewing is chairman of the executive committee of the association, and in that position has directed the campaign of the farmers. He will undoubtedly be re-elected to succeed himself.

At the meeting one of the most important points which will be discussed will be the probable future market for association tobacco. As the farmers control practically the entire crop of tobacco in the "Black Patch," this is a question of great importance. The change has been made necessary because of the refusal of Joseph Perigo, the Italian buyer, to go to Clarksville, which has been the tobacco center of Southern Kentucky and Tennessee since tobacco has been raised in this section. Mr. Perigo's action was due to a controversy between the board of trade of Clarksville and the farmers' association. Feeling against Clarksville has been high for months, and it is probable that a change of the market from there to Hopkinsville will be decided upon.

MAMMOTH STORE.

Ten-Year Lease Taken on the
Garnett Big Building.

The only vacant store room on Main street, the Garnett building, corner of main and Eighth streets, has, we learn, been leased for a term of ten years. It is to be increased in length, heated by steam or a hot air furnace, materially changed in many ways and used as a large department store. The company that has secured the building has a number of stores in different parts of the United States and is rated up in the millions.

COURTNEY REFUSED BAIL

Will Await Action Of The
Grand Jury Next
Week.

SON SAW THE SAW.

Two Of The Jurymen Give
Testimony Of The Nature
Of The Wounds.

The county court room was filled yesterday morning when Judge Fowler had James Courtney, who killed John C. Davis, brought before him to hear his attorneys on a motion for bail pending the meeting of the grand jury next Monday.

Previously the attorneys for the defense and the county attorney were of the opinion that the defendant was entitled to bail, and the only thing to be settled was what was to be the amount of the bond. After the agreement the county attorney had discovered evidence, which in his opinion, would render the case unobtainable. The defense stated that they did not desire to introduce any witnesses. The commonwealth then introduced Howard Duvall, who was foreman of the coroner's jury, in whose verdict it was stated that Davis had been shot in the back, as well as in the right hand, near the breast and abdomen.

It was proven by Chas. B. Mench-an, who prepared Davis' body for burial, that in his opinion either of the two shots would have caused death. He stated that he picked one of the shots out of Davis' body and it was No. 6. A son of the dead man was introduced, who stated that the saw, found within ten or twelve feet of where Davis was lying, after being shot, belonged to his father, and that his father had taken the saw from the barn before the killing.

In the opening of the case Messrs.

C. H. Bush and John Peland, attorneys for Courtney, stated that they waived an examination and would not introduce any witnesses. After argument by both sides Judge Fowler refused to admit Courtney to bail and he was remanded to jail to await action by the grand jury. Circuit court convenes next Monday and should an indictment be returned against Courtney for murder or homicide it is uncertain whether the case can be tried at the approaching term.

LATHAM MAUSOLEUM.

Material Has Arrived And Is
Ready for Putting Up.

Mr. John C. Latham, of New York, recently bought a lot in Bape-well Cemetery and will erect upon it a mausoleum to cost \$25,000. The stone for it was received from New York Thursday ready to be put together and is being taken to the cemetery as rapidly as it can be handled, some of the pieces being very heavy. One hauled out Thursday weighed 25,000 pounds. Mr. Hood, an experienced marble man from New York, came with the shipment and will put it together. The mausoleum will be very handsome and an ornament to the cemetery.

The Weather.

Washington, D. C., Sept. 22.—For Kentucky: Fair to-night and Saturday.

The Republicans of Owensboro have nominated a city ticket headed by Meigs O'Bryan for Mayor and H. K. Cole for city representative.

The Democratic primary in Frankfort resulted in the vote for City Judge between Judge W. C. Herndon the incumbent, and James T. Buford, present County Attorney.

Justice E. Bender of Akron, Ohio, fined his son for violating the fishing laws. He gave him a jail sentence, but later suspended it after the boy reminded him that he helped to eat the fish.

The Duchess of Marlborough, formerly Miss Consuela Vanderbilt of New York, was the guest of the President at Oyster Bay the same day that his daughter was luncheon with the Emperor of Korea on the other side of the world.

The fever cases reported at New Orleans Thursday were 36 and the deaths 4. The country situation shows no material change. Out of the city there were 36 new cases and one death. In Mississippi 7 new cases and one death were reported.

It can now be stated definitely that the exchange of the ratification of the treaty of peace between Japan and Russia will take place in Washington shortly after the treaty has been ratified by the respective sovereigns. It is probable that this will be done in the White House as a compliment to President Roosevelt, but no definite arrangements have been made or has it been decided by whom the treaties will be exchanged.

It is practically certain that Judas Mayer, state attorney general of New York, will begin action to compel restitution by those officers of the New York Life who caused the expenditure of \$150,000 of the company's funds as campaign contributions, and also to determine whether or not the donations constitute official misconduct on the part of the managers of the trust fund.

Fusion between the Democrats and populists of Nebraska was effected by the nomination by both State conventions of an identical ticket. The feature of the Democratic gathering was the speech of Wm. J. Bryan, in which he bade his party associates in the State farewell for a year at least on the eve of his departure for an extended tour of the world. Mr. Bryan commended President Roosevelt for what he declared to be his advanced stand on the principles long advocated by the Democrats. On these principles he said he hoped every Democrat would uphold the President.

CELEBRATED EMANCIPATION.

Colored Population Has a
Big Time and
Jubilation.

LONG STREET PARADE.

Marched To Fleming's Cave
Where Speeches Were
Made and Races Run.

Emancipation Day was celebrated yesterday by the colored people of the city, under the auspices of the various secret societies. A parade of industrial floats, many of them very attractive, traversed the streets from Friendship Hall to Fleming's Cave, where the exercises were held. The "Queen of Emancipation," elected by popular vote, was Stella Major, daughter of one of the leading colored families of the city, who rode in the gorgeous float, surrounded by maids of honor. The Emancipation Proclamation was read by the Queen.

The address of the day was delivered by Dr. Sutton E. Griggs of Nashville, Tenn., who was introduced by Councilman E. W. Glass. The orator of the day is author of several books.

At the cave there were various festivities, including foot race, sack race, skip and jump race, old man's race, physical culture exercises, drills, game of base ball, etc.

The celebration continued day and night.

Music was rendered by the Earlington and Elkton brass bands.

All of the railroads gave low rates and several excursions came in, bringing large crowds. Jas. L. Allensworth was marshal of the day, with several assistants.

UNION MEETING.

An Interesting and Varied
Programme Has Been
Arranged.

The ministers of the city have arranged for a union service at the Baptist church next Sunday night, at 7:30 o'clock. As is well known, Dr. E. L. Southgate's services as pastor of the Methodist church terminate, by limitation, this week, and he will preach his last sermon next Sunday morning. He was to have preached Sunday night also, and a special song service had been arranged for, but his brother pastors forestalled it by a union service. The matter had not Dr. Southgate been president of the ministerial association, would have been brought before the body at its regular meeting last Monday. The plans of the pastors were altogether unknown to Dr. Southgate up to yesterday afternoon.

Dr. Southgate has been pastor of the Methodist church for four years. By his noble Christian life, his faithfulness to every duty as a pastor, his desire to help all in time of trouble and his uplifting sermons, he has endeared himself to all our people. He is held in highest esteem by all the pastors, and they have arranged the meeting as an occasion for publicly expressing their regard for him and their deep regret at his having to leave us.

Rev. H. D. Smith is arranging a program of the exercises, which will be completed today. It is expected that Miss Nell Donaldson will sing a solo and Miss Lillian Gary and Essie Anderson, her visitor, will each render a violin solo. Everybody is invited.

Booth Tarkington, W. W. Jacobs, Alfred Henry Lewis, Edwin Lafave, James L. Ford, Ambrose Bierce and Herbert Quick are contributors to the October Cosmopolitan as unusually large number of prominent names for a popular magazine. Needless to say, the entire issue is well worth reading, and the illustrations are attractive, being contributed by Will Owen, famous in England for his character work, W. L. Jacobs, Frank Tenney Johnson, Orson Lowell, Frank Verbeck, Phillips Ward, Henry Raleigh, F. T. Richards and Seymour M. Stone. On the whole, it is a very beautiful magazine.

OPERA HOUSE ATTRACTIONS.

Minstrel Show Wednesday
Night and Fiske Stock
Co. Sept. 29 and 30.

AMUSEMENT GALORE.

"The County Chairman,"
the Great Show, Will
Appear Oct. 2.

Manager Ennis has booked a number of attractions to appear at the opera house during the next two weeks. He has made special arrangements to help entertain the crowd carnival week by booking four or more of the very best attractions on the road to appear that week. Especially is the public looking forward to the coming of "The County Chairman" with much delight, as it is claimed that this will be the finest attraction that has ever appeared at the opera house here.

Other bookings for carnival week include "The Dainty Dutchess" for Tuesday night; "The Little Minstrel" for Wednesday night, and for Thursday night "Wife In Name Only." All of these are Klaw & Erlanger attractions and are first class shows.

The Gus Sun Minstrels.

Gus Sun, the well known minstrel magnate and his superb company of burnt cork artists are scheduled to appear at Holland's Opera House Wednesday night, Sept. 27. The company this season is without question the finest organization of its kind in the minstrel world. There is nothing with the show that is old except the name. Every feature, song, dance or act is new and ahead of the times. The program is the most complete and superb ever offered by a minstrel company. Among a few of the prominent features we mention Crawford and Finning in their great musical act. Especial mention should be made of the eccentric dancing of Elliot & West, who showed the patrons of shows what was needed to convulse an audience with laughter. Without a doubt the Great Kyler's high wire cycle act defies the laws of gravitation and is really marvelous.

Bros Spaulding, Parisian novelty artists, the only act of its kind in the world; the singing contingent: Ed Rice, basso; James Barardi, robusto tenor; Clarence Stonacher, baritone; and an exceptionally strong chorus. The scenery is a new departure entitled "A City of Splendor" replete with electrical and mechanical effects. Amid the singing and warbling of birds in a bower of a thousand and dew-bedecked flowers, thousands of mellow lights are flashed upon the gorgeous scene. The costumes are of the most elaborate of silks, satins, and laces. The parade, which will occur at noon is the neatest and best dressed in the history of minstrelsy. Any person witnessing the performance who is not satisfied can secure the admission fee by applying at the box-office before 9 p. m. This certainly is a guarantee sufficiently strong to satisfy any doubting Thomases. There will be no advance in prices nor will any person be permitted to speculate in tickets at the expense of the public.

The Fiske-Stock Co.

The coming engagement of the Fiske-Stock Co., at the opera house Sept. 29 and 30, is looked forward to with great interest by the theatre going people who are anxious to see the moving pictures of the fire department and other views which were taken here a few days ago by the representatives of the company. These features will be shown at every performance. They will be life size, and when thrown on the screen will measure 19x24 feet. Every person within range of the camera can be recognized and this offers a great chance to see yourself as others see you. In addition an excellent series of motion pictures from all sections of the globe will be seen and every picture is interspersed with mechanical effects and illusions interwoven with the pictures of a fine programme of vaudeville is offered, introducing Miss Grace Gilmore Hamilton, Lyceum entertainer, Miss Lulu Konuri, soprano soloist, and C. W. Mullen, pianist. The big novelty

"The County Chairman"

One of the keenly delightful portraits of "The County Chairman" which comes to Holland Opera House Oct. 2, after a years run at Willard's Theatre, New York, is George Thatcher's investiture of Sasasfras Livingston, described upon the programme as a "touch of local color." There is a sense of double meaning in this description for Sasasfras is not only colored, but strongly given to the artful pursuit of "touching." He is a shiftless, alaphrod negro, of the type one finds in all villages, selling eggs he has pilfered from the neighboring henpots, investing the proceeds in candy and lady fingers, hanging about for invitations to smoke and dine, borrowing trifles of money from the opposing candidates upon the pretense of having named his new baby after each of them, when the baby is really a girl, and in every way imaginable trying to get a living without working for it.

The metropolitan critics have frankly stated that they regarded Mr. Thatcher's acting as a revelation. Negro impersonators, heretofore, have been satisfied with grotesque caricatures of the colored race. Mr. Thatcher's contribution is genuine, carefully considered and graphic acting, a piece of artistry of which any player on the stage might well be proud.

To be sure it is but one of many fine character sketches well executed in "The County Chairman", for all of George Ade's quaint personages are cleverly interpreted by the member of Henry W. Savage's capital company. But Sasasfras has an important place in the list, and he is an unalloyed delight to all who enjoy hearty and unrestrained laughter.

A GREAT SHOW.

The Parker Amusement Company One of the Largest on Road—A Week of Great Enjoyment Promised.

Some of the features to be seen at the Great Fall Festival and Old County Fair, at Hopkinsville, Ky., Oct. 2nd to 7th, inclusive.

The Great Parker Amusement Co. is owned and controlled by a man who is not only a born amusement director but the largest manufacturer of modern amusement devices in the world. The entire equipment of the show including even the cars used to transport it, was built at the Parker factories, Abilene, Kan.

G. W. Parker has earned the reputation of carrying not only the largest and most complete carnival institution now traveling but the cleanest and highest classed one. He tolerates no nuisances, fakes, gamblers, disgusting dancing girls, or other forms of immoral or illegitimate entertainments.

He carries his own electrical equipment, comprising three ponderous engines and dynamos, a force of expert electricians, and as many lights as would be necessary to illuminate a great many cities. Ever since the St. Louis World's Fair, workmen began building the "Pike" amusement features, Mr. Parker has had a representative on the grounds copying plans and ideas, and just as fast as they were sent by him to Mr. Parker at Abilene, the work of the

building and reproducing them was immediately begun.

The result is that, during the carnival we may be able to see many of the World's fair features without expense of a trip to St. Louis. One of the best attractions taken from these plans secured by Mr. Parker's representative is the Tyrolean Alps, an electrical and mechanical entertainment representing a visit to the German Tyrol, and a day and night spent in the Alps mountains. The representation of summer, "The Alpine Glow," birth of the stars, the Switzerland chimes, the Storm Scene, the rainbow which follows, and a grand reproduction in miniature of the Paris Exposition, Electric fountain are said to be so realistic that visitors often imagine themselves really in Switzerland taking a trip through the Alps.

"How old is Ann," another World's fair feature was built after the plan of the famous "Foolish house" and promises to wage a merry war against worry and care, and produce an everlasting smile of joy and contentment.

A trip to the Moon, in the air shell "Falcon," still another one was built after the idea of the great story by the same name by the great author, Jules Verne. It will no doubt be very interesting.

\$40,000 AS A GIFT.

Clarksville Man Served Well By His Employers—

Clarksville, Tenn., Sept. 20.—That faithful services are always or at least sometimes rewarded was proved today by the receipt of a check by Jack Crouch for \$40,000 as a gift for services rendered during the past 40 years.

Mr. Crouch and his father (the latter is now deceased) composed a firm of local tobacco buyers for Weyman & Bro., big tobacco manufacturers of Pittsburg, Pa. They first purchased tobacco for the firm in the country and later on the Clarksville breaks. Weyman & Co. recently sold their plant to the trust for \$2,000,000. Up until that time they were said to be the largest independent dealers in the country.

Mr. Crouch would not discuss the affair. However he did not deny that he had received a check for \$40,000 from Mr. Weyman. The check came as a surprise and was in recognition of the good work Mr. Crouch had done for them.

UNPROVOKED ASSAULT

Small Boy Struck With a Stick by a Negro Man.

Scott Means, a boy of 12 or 13 years of age, was struck on the head by a negro named Henry Rice, Thursday night. The particulars, as we learned them, are as follows: About 8:30 o'clock a crowd of boys were standing on the pavement about the door of the gymnasium room in the Moyon block, on Ninth street, when Rice and two women passed down the street. The woman on the inside ran over the boy, knocking him down, or nearly down, and in his effort to gain his equilibrium he pushed the woman aside. Then Rice reached round and struck the boy on the head with a cane he was carrying. Two of the police and fifteen or more boys started in pursuit of Rice, who had taken to his heels, and chased him as far as Ellis' ice factory, when he eluded his pursuers.

Rice failed to show up for work yesterday morning at the office of the Water Co., for whom he has been working for a number of years. Rice has the reputation of being a very quiet negro, faithful in his duties, and, it is thought would have been the last negro in town to be guilty of such conduct.

A barn filled with tobacco belonging to Esq. H. C. Helsley, of Haley's Mill, was destroyed by fire a few days ago. Hands had been "firing" the weed, and, while at supper, the tobacco caught in some way. The building contained eight or nine acres of fine tobacco. The loss is about \$1,000.
